

Fire Shows

There is something truly captivating about fire in motion; the shapes, the roaring sound, the smell and the hint of danger.

A great fire performance is always a memorable part of any event.

We can provide fire jugglers, eaters, blowers and spinners for anything from 'meet and greet' to a fire spectacular.

For the latter we are blessed in the Lake District with some of the finest and most experienced fire performers on the planet.

If you need a full choreographed fire spectacular we can provide a multi-performer fire piece for your special event.
