

## TECH SHEET

- All our performances are self contained for power, water and anything else we use.
- Storage space for props between performances is essential.
- Parking close to the performance site is the greatest gift you can bestow!
- Changing – the van is fine if it is close to the site, but feel free to spoil us.

## FESTIVE MARKET

- This show consists of a 3ft booth on wheels. We require parking within 200m of the performance site, with a high top van or stewarded drop off site, where the booth can be assembled (taking approx 40 minutes) and left in safety. It can then be wheeled to the performance area.
- A steward to accompany the booth during the performance.
- Between shows the booth needs either guarding or safe storage.
- Secure changing.
